Publication Date: Mar 31, 2022

Effective Date: Jun 1, 2022

We would like to notify our customers that due to housing design changes, the SFP series will be upgraded for a better user experience.

The change will have no impact on the fit, function, quality, reliability and environmental compliance of the devices. We will continue to offer technical support and RMA services for the models with old part numbers during the valid warranty period.
